

SPECIFICATIONS

PRODUCTION	MOTOR	STONE SIZE
250 kg p/hour	7.5 HP Two/Three phase - 220V - 60 Hz	8"
300 kg p/hour	7.5 HP Two/Three phase - 220V - 60 Hz	9"
325 kg p/hour	10 HP Two/Three phase - 220V - 60 Hz	10"
350 kg p/hour	15 HP Two/Three phase - 220V - 60 Hz	11"
400 kg p/hour	15 HP Two/Three phase - 220V - 60 Hz	12"
WEIGHT c/7.5 HP: 253 kg		WEIGHT c/10 HP: 267.5 kg

Main features:

- This mill has outer pulley and outer bands that make maintenance easier.
- The cone allows the mill to automatically feed.

***Doesn't include motor starter switch**

Características del producto:

- Excellent grinding
- Low-maintenance
- Space saving
- Long-lasting

COMPONENTS:

- Cone •Housing •Stones •Transmission pulley •Counterweight
